## The Store of the Christmas Spirit

The fact that we turn over a new page on the calendar this morning is a matter of more than passing importance. It finds this store well stocked throughout with seasonable new Quality Merchandise and it very certainly reveals the fact that we are splendidly prepared to care for every demand of the Christmas shopper. Gift selections this year will be made from now on and very important to note in this connection is the fact that now is the logical time to think of your needs in this direction. There is nothing to be gained by waiting and the work of our faithful clerks and delivery force will be greatly lightened by those who do their shopping early. Shop in the morning whenever convenient and thus avoid the afternoon crowds.

### A Pre-Christmas Sale of Renaissance Gift Pieces

At a Saving of 33 1/3% to 50%

"It's an ill wind that blows nobody any good." Because a large New York importer found himself overstocked with a very exceptional stock of Beautiful High-grade Renaissance Lunch Cloths, Scarfs and Centerpieces, and made us an attractive concession if we would take over his entire line, now makes possible a sale that the women of Washington will not be slow to profit by.

In addition to prevailing savings of 33 1/3% to 50 per cent it is to be noted that this sale comes right in time to supply your Christmas gift needs. Observe also that the various pieces to choose from come in only one and two of a kind and that many odd sizes are represented, such as 24x60 and 22x54 inches. The values that follow will give you a very definite idea of present savings:
